

NATACHA JOST

FULL-STACK WEB DEVELOPER

WHOAMI

Originally from France, I have a passion for programming and learning. Let's make something great together!

- Adapt, react and take ownership.
- Work and lead in teams, I love the change and always **thrill for more**.
- Having the luxury to **think of new solutions to known problems in order to have a real impact** in our society and people's lives is something truly amazing.
- I will return every stone if it helps me **understand** better my team.
- **Passion** for what we do, is what makes us become truly good at it.
